

END TEEN VAPING

**E-CIGARETTE
AEROSOL IS
NOT WATER
VAPOR!**

It contains metals, cancer-causing chemicals, ultrafine particles that can be inhaled deeply into your lungs and may be dangerous to your health.

Talk to your doctor or school nurse for more information.

END TEEN VAPING!

**THE LONG-TERM
EFFECTS OF
VAPING ARE
UNKNOWN!**

E-cigarettes have not been around long enough for us to know the harm they cause. You are the real-world experiment.

Talk to your doctor or school nurse for more information.

END TEEN VAPING!

TEEN BRAINS

ARE **STILL**

DEVELOPING!

Vaping nicotine before age 25 rewires your brain to intensify your addiction.

Talk to your doctor or school nurse for more information.
